CS/HPM-9

MEMORANDUM FOR: All CS Historical Officers and Writers
SUBJECT : CS Personnel Assigned Overseas Listed
by Country

1. The Statistical Reports Branch of the Office of Personnel has prepared machine listings of CS personnel assigned PCS overseas arranged by country. These lists are nearly complete for the period from 1947 to the present and list personnel assigned to any given country, their date of arrival and date of departure. The list is also divided as to those who are presently on duty and those who have separated from the Agency.

2. It is anticipated these listings will be of value in determining the chronology of a station, the availability of "old timers" for debriefing, and the size of a station at any given time.
